

## **Music Curriculum**

**Eileen Wade**  
Primary

### **Our Music Curriculum Intent**

At Eileen Wade Primary School, it is our intent that we make music an enjoyable learning experience. We encourage children to participate in a variety of musical experiences through which we aim to build up the confidence of all children. Our teaching focuses on developing the children's ability to understand rhythm and follow a beat. Through singing songs, children learn about the structure and organisation of music. We teach them to listen and to appreciate different forms of music. Children develop descriptive language skills in music lessons when learning about how music can represent different feelings, emotions and narratives. We also teach technical vocabulary such as volume, pitch, beat and rhythm and encourage children to discuss music using these terms.

### **Aims:**

## **Key Stage 1 & 2**

**The national curriculum for music aims to ensure that all pupils:**

- Perform, listen to, review and evaluate music across a range of historical periods, genres, styles and traditions, including the works of the great composers and musicians.
- Learn to sing and to use their voices, to create and compose music on their own and with others, have the opportunity to learn a musical instrument, use technology appropriately and have the opportunity to progress to the next level of musical excellence.
- Understand and explore how music is created, produced and communicated, including through the inter-related dimensions: pitch, duration, dynamics, tempo, timbre, texture, structure and appropriate musical notations.

# **Key Stage 1 National Curriculum Attainment:**

## **Pupils should be able to:**

- Use their voices expressively and creatively by singing songs and speaking chants and rhymes.
- Play tuned and untuned instruments musically.
- Listen with concentration and understanding to a range of high-quality live and recorded music.
- Experiment with, create, select and combine sounds using the inter-related dimensions of music.

# **Key stage 2 National Curriculum attainment:**

## **Pupils should be able to:**

- Pupils should be taught to sing and play musically with increasing confidence and control. They should develop an understanding of musical composition, organising and manipulating ideas within musical structures and reproducing sounds from aural memory.
- Pupils should be taught to:
- play and perform in solo and ensemble contexts, using their voices and playing musical instruments with increasing accuracy, fluency, control and expression
  - improvise and compose music for a range of purposes using the inter-related dimensions of music
  - listen with attention to detail and recall sounds with increasing aural memory
  - use and understand staff and other musical notations
  - appreciate and understand a wide range of high-quality live and recorded music drawn from different traditions and from great composers and musicians
  - develop an understanding of the history of music.

# **Our Music Curriculum Implementation**

## **Key Stage 1 and Key Stage 2**

Music lessons will engage and inspire pupils to develop a love of music and develop their talent as musicians, and in turn increase their self-confidence, creativity and sense of achievement. As pupils progress, they should develop a critical engagement with music, allowing them to listen, compose and analyse across a wide variety of historical periods, styles, traditions and musical genres.

The Charanga scheme of work is used from Year 1 - 4 to ensure a wide exposure to different genres of music, with lots of practical opportunities to explore and develop as musicians and singers.

Year 5/6 children will listen with attention to detail, use and understand staff and other musical notations, appreciate and understand a wide range of high-quality live and recorded music drawn from different traditions and from great composers and musicians and develop an understanding of the history of music. They will continue to develop their skills as musicians through opportunities to compose, perform and evaluate their own musical scores.

Children in Key Stage 2 also have an enriched musical experience through the 'wider opportunities' music scheme offered by Bedford Bedford. These lessons incorporate teaching musical notation, singing, as well as learning to play an instrument.

Children across the school also benefit from enrichment activities such as live music, through the 'Gigs4Schools' initiative offered by Bedford Borough.

Performance opportunities such as whole school productions and themed assemblies (Harvest, Anti-Bullying, Christmas, Easter and Leaver's Assembly) give children opportunities to perform to parents and the wider community.

Additional opportunities are offered in music, such as choir club (offered to Year 2 – 6) giving children the exposure to new songs and a coming together to share their love of singing.

Many children across the school take up the learning of a musical instrument (Year 2 – 6) through individual or group lessons. This includes piano, violin and cello lessons offered by a music specialist from Bedford Borough. A special music assembly is held for their parents at the end of each term to celebrate their progress and achievements.

- **Our Music Curriculum Impact**

Music assessment is ongoing to inform teachers with their planning, lesson activities and differentiation. Summative assessment is completed at the end of each unit to inform leaders of the improvements or skills that still need to be embedded. Music is monitored throughout all year groups using a variety of strategies such as Seesaw/lesson observations and pupil interviews.
