

Have you got...

## Half an hour to talk about oral health and children with SEND?

Sign up to one of our **free** teacher/staff training  
sessions delivered via Teams

For **all** schools of primary age

2025

Wednesday 24th September, 12.30-1pm

Monday 10th November, 4pm - 4.30pm

19.6% of five year  
olds in Bedford have  
tooth decay and in  
Central Bedfordshire  
15%\*

*\* National Dental Epidemiology Programme for England: oral health  
survey of five-year-old children 2024. Office for Health Improvement  
and Disparities*

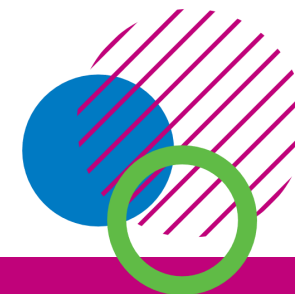

### Topics include:

Small ways to be tooth friendly at school

Dental themed activities to do with the children

Resources to share with parents/carers  
via school (we provide these for you!)

Toothbrushing as an option at school

We are the Oral Health Improvement Team
